

# PLANET ZERO

---

*Be part of something  
meaningful*

## *From earth to earth*

Have you impacted the world around you lately?  
Have you made it greener? More sustainable?  
Maybe you have contributed to a net-zero planet.  
Whether this is an aspiration or a reality,  
Whether the goals are out of reach or at arm's length,  
It takes a fair amount of courage  
A dose of curiosity  
And a whole lot of commitment  
To make a meaningful difference to our environment.  
And that's where we come in.  
We want to see a world where  
products are also 100% compostable.  
From straws to tableware and many other reusable items,  
We have products that fits perfectly with the needs of  
today for  
a more sustainable way of life.  
Every day, we are inspiring change  
And we invite you to join us and be part of something  
meaningful  
Because we share the same dreams.

Plastic free

PLA free

PFAS free

SVHC free

Suitable for food contact and complies with EU standard No 10/2011.

Tested and approved according to US FDA standards (21CFR)

Passes the Dishwasher Test. Easily Reusable for up to 100 cycles.

Suitable for use under cold and hot conditions.

18 months shelf life.

We have obtained composting certifications from Europe, the United States, New Zealand and Australia.

Our products decompose into nutrients, thus returning them to nature.
